CITY NEWS. WET WHATHER.—Yesterday was decidedly a rainy day. Take warning, and provide yourself with a pair of Deter's water-proof boots.

MERITED.—The reputation justly acquired by the fine cysters sold in this market for several years, by Robert Orr, at No. 11 West Fifth-street, has created a demand for them throughout the entire West and South, so that every mail brings him new orders; fortunately for Cincinnati, however, his supply is inexhaustable-he always has a few more left.

NATIONAL REPUBLICAN ASSOCIATION .- But few of the members of this Association were present at the meeting last night. The even-ing was consumed in discussing the resolution introduced at the last meeting implicating Secretary Floyd in the Harper's Ferry con-spiracy, and it was finally laid on the table. The Association adjourned to meet at the call of the President.

WHARF-BOAT SUNE .- A wharf-boat owned by C. W. West & Co., lying near the foot of Wood-street, sprang a leak yesterday morn-ing, and before aid could be obtained sank in four feet of water. There were a hundred barrels of flour on board, but the principal part of it was saved, so that the loss will be comparatively trifling.

Young Men's Hebdomedal Prayer-meeting. The Union Prayer-meeting, held on Saturday evenings by the young men of the differ-ent Methodist Churches, continues to grow in interest. The meeting this evening will be held at the Union Chapel, on Seventh-street, and all young men who are religiously inclined are affectionately invited to attend.

ADVESTISERS, ATTENTION!-Bear in mind that the PENNY PRESS is read in a greater number of families than any other paper printed in Cincinnati; that the working-man reads it; that it is emphatically the people's paper, and is rapidly winning its way to a circulation unprecedented in the history of Western newspapers. The manufacturer and retail merchant can not but be benefitted by it as a medium of advertising.

PROCEEDINGS OF THE COUNTY COMMISSIONERS. The County Commissioners, at their regular session yesterday morning, passed orders amounting in the aggregate to \$927 25, of which \$484 04 were paid to Joseph Siefert, for three culverts in Green Township; \$191 to the same person, for a culvert in Colerain, and \$151 75 to Alexander Ferguson, for expenses incurred in procuring witnesses in the case of Washington McLean ce. The Hamilton County Commissioners. A part from this no business of importance was transacted.

A BOY RUN OVER AND BADLY INJURED .-A little boy about six years of age, named Joseph George, whose parents reside on Vinestrest, above Tweifth, was run over by an express-wagon, near the locality in which he lived, and injured quite badly. [His right arm was crushed so that it will, in all probability, have to be amputated, and his head fractured to that it was constant.] so that it may prove fatal. He was running across the street at the time, and as the driver of the vehicle was carrying an umbrella, it is quite possible that he was not to blame. The wounds of the boy were promptly attended to, but he suffers excessively from the double pain in his head and arm.

BOARD OF CITY IMPROVEMENTS .- At the regular meeting of the Board of City Improve-ments, held yesterday morning, the Clerk was directed to prepare and transmit to the City Council an ordinance to assess a special tax upon the real cetate abounding and abuting Reeder-alley, from Wade-street to a point two

Home FOR Young Man .- In a report of the proceedings of the Young Men's Christian Union, which will be found in another part of this paper, it will be seen that they have rented the house No. 176 Race-street, which they intend to fit up for the use of the Union. prime object of this action, however, is to furnish a home for young men who are strang-ers in the city, where they may find such amusements, and such company as will tend to prevent them from forming acquaintances who would be likely to lead them into victors habits. The house will be excellently furn-ished, the parlors home-like in their arrangements and neatness; a piano will occupy one corner of these cosy apartments and readable books and periodicals be found upon the tables and in the library. Altogether, if the plan be successfully carried out, which will doubtless be done, the establishment will not only be productive of much good; but, what is the next best thing to this, prevent a great deal of evil-

HIGHLY COMMENDABLE .- The trustees of the HIGHLY COMMENDABLE.—The trustees of the Ladies' Home Missionary Society desire publicly to tender their sincerest thanks to Mrs. Judge McLean for the donation of aslot on Clark-street for the purpose of building a suitble house for a Mission Church; to William Reser for two stoves fer one of their school-houses; and to George W. Cutter for the very liberal gift of \$100, to assist in paying for their Freeman-street property. The good deeds of the society have already cast a halo about its name, and the generous assistance it has of the society have already cast a halo about its name, and the generous assistance it has rendered from time to time have given its members new strength, which will enable them still further and with a greater success to pursue the work they have undertaken. They feel that much of the good they have thus far accompliabed originated in the sympathy and encouragement with which they have met from such noble and generously disposed persons as those we have named, and desire that here, as well as hereafter, they should meet with the benirons to which their acts so much entitled them.

MEETING OF THE YOUNG MEN'S CHRISTIAN Maring of the Young Man's Christian Union.—The monthly meeting of the Young Men's Christian Union, night before last, at their rooms on Fourth-street, was quite largely attended. It was opened by the usual devotional exercises, after which Mr. H. Thene Miller retired from the chair, and appointed Mr. Robert Moore to fill his place.

The Committee on Incorporation reported that the steps heretofore taken for the incorporation. poration of the Union were insufficient, and that, under the general law, a meeting, to consist of a majority of the active members of the Union, must be had, to pass upon that measure, after which the meeting adjourned.

THE IRISH DELEGATION. - The meeting which was called yesterday evening to give a public reception to the Irish delegation of ministers was not largely attended. This was certainly owing to the weather, for the rain fell throughout the entire evening. The whole number who were expected in the delegation did not arrive, for five of them left the city for the South, while but one, Rev. David Wilson, came as nor appointment.

Wilson, came as per appointment.

After the meeting had been opened with the usual dovotional exercises, Mr. W. took the stand and addressed his audience for about an hour and a-haif, giving an account of the revival in Ireland, and the effect it had upon the masses of the recole. He told warm theil the masses of the people. He told many thrill-ing anecdotes of the manner in which persons had been converted, and some of which were quite amusing in regard to the superstitions of certain classes, and the veneration and fear with which they regard the clergy of certain denominations.

His address was listened to attentively, and after it was concluded a collection was taken up, which amounted to \$71 57, for the pur-pose of assisting in the further spread of the which he said had been so gloriously begun. The meeting closed with a doxology and the usual Apostolic benediction, and the andience departed apparently highly pleased with the Speaker, his lecture and the manner in which they had spent the evening.

WARNING REPUBLICANS OUT OF NEWPORT The following is a copy of a note received through the Newport Postoffice yesterday, by J. R. Whittemore, druggist, of Brondway, who has, for some years, been a resident of our sister city. It purports to some from "Determined Citizens," but we are inclined to resard it as the formine of inclined to regard it as the offspring of some individual who wants to get up an insurrec-tion on his own account, and not the sentiment of that community:

Newfort, November 16, 1859.

J. R. Whittsmore—Sir: The citizens of Newfort have decided that they will no longer permit any person to promulgate such "principles" as you and your brethren in the cause of Abolitionism have been promulgating for the last four years in their city. Therefore, you are hereby notified to leave the city of Newport on or before the first day of December, 1859. Otherwise, you must abide the consequences of your own folly and obstinacy, which, we assure you, will be serious.

DETERMINED CITIZENS. NEWPORT, November 16, 1859.

MAN SEVERELY BEATEN .- A man named Thomas Spillessey, while walking along an unfrequented portion of the wharf, on Tuesday last, was knocked down by some persons whom he met and beaten very severely. From what we could learn of the affair from the injured man himself, it was a wanton and brutal out-rage, and, if the perpetrators could be found, should be punished in the severest and most summary manner. The ruffians knocked his right eye out, and it is thought destroyed the sight entirely, out his head and face in several places, broke off several ot his teeth with their blows, bruised his body so that it was black in several places, and then left him bloeding and unconscious upon the pavement. When we saw him yesterday evening, at the Ninth-street Station-house, he was able to walk about, but was still suffering severely from his wounds.

CITY PASSENGER RAILWAY .- The route of the City Passenger Street Railroad has been com-pleted. A car was driven over the whole track, yesterday, for the purpose of trying the curves, and it was found to work admirably. The company intend to place twelve cars upon the track to-day, which will run regularly to the Brighton House by the way of Fourth and John-streets, and return by the way of West-ern-row and Fifth-street to Main. The care will be known on Fourth-street at night by the color of the light which will be used—the red light belonging to the Third-street, and the grean to the Brighton House line.

"ORIOLA."-This little harmonist, published by Messrs. Moore, Wilstach, Reys & Co., of this city, is fast becoming the most popular hymn and tune-book ever issued. It was compiled by Prof. Bradbury, of New York, a well-known composer and teacher, and particularly commands itself to superintendents and teachers of Sunday Schools, containing as it does, two hundred tunes and three hundred tunes. dred choice hymns. It is undoubtedly the best work of the kind ever published.

IMPORTANT TO HOUSEWIVES .- Chas. B. Coleman is manufacturing, at No. 115 Eim-street, a superior article of sausages, head-chesse, souse and leaf-lard, from the best of corn-fed pork, with especial reference to the accommodation of families. We have been through his premises, witnessed his mode of operation, and tried his manufactured articles, and can freely commend him to the liberal patronage of our citizens. of our citizens.

Police Court.—Judge Lowe, yesterday morning, examined only nineteen cases, but they were unimportant. A few drunken men, who had been disorderly during their inebriety, and a few others who were unfortunate enough to be without homes, were sent to the City Prison for various terms; but no case of interest was called or disposed of.

OYSTRES FOR HOME OR AT THE SALOON.— John Nairn, No. 50 Sixth street, deals exten-sively in the oyster line. He furnishes them to families and serves them in proper style at his saloon, in Baoon's building, on West Sixth-street. It is a relish to have these luxuries well served in Nairn's style, and, having tried his oysters, we pronounce them choice.

The following is a list of letters de-tained for non-payment of postage at the Postoffice, in this city, November 18.

Mrs. Priscilla Perrel, Laurel, Clormont County, O. E. Woll*, Walnut Hills, O. Mrs. Dukes care Elfhu Chandler, Palmyra, Mc. Lieutenat R. L. Browning, U. S. ship Levant, care of American Consul, Panama.

To Paniliss.—There is nothing nicer for a breakfast than large fat oysters, fried or boiled, and as Peter Cavagas has them put up expressly for such purposes, families should order them from him at No. 31 West Fifth-street. He receives them daily by ex-

Wood's TREATER.-This is the thirty-sixth WOOD'S THEATER.—This is the inity-sixted might of the engagement of Mr. J. R. Anderson and the last appearance of Miss Elaworshy and himself, a fact that will insure to these artistes a full and fashionable house. The MIRCHART OF VENICE and DAMON AND PITHIAS will both be presented this evening for the farswell benefit of Mr. Anderson, who has played one of the largest and most successful engagements recorded in the chronicles of the drama of this city.

NATIONAL THEATER. - FAUST AND MACGUER-AATONAL THEATER.—FAUST AND MACGUER-ITE, which is drawing very well, and growing nightly upon the admirers of spectacular beauty, will be presented for the sixth time this evening at the Na-tional; Mr. J. B. Roberts appearing in the part of Mephistophiles," which he plays to perfection. All who desire to see a complete spectacle put upon the stage in the very best style should not fall to witness the present version of Goethe's great poem.

PIRE'S OPERA-HOUSE.—At the Opera-boure this evening The Manuar Heart, a beautiful and highly interesting classic play, translated from the French, with Mr. and Mrs. Conway in the leading characters, in which they have gained extended reputations, will be prosented to the admirers of the drama in superior style. The admirers of the acting should be present on the occasion; and those who are moved to tears by Raphaei's suffering will have an opportunity to laugh at liavidge's capital rendering of "Toodles" in the popular larce of The Tooples.

PERSONAL -- Miss Eliza Logan, the gifted reagoran.—Bits Alia Logan, the gifted tragetienne, left the city a day or two since to fill an engagement at Montgomery. Ala., and other Southern cities. By the by, the statement in a number of our exchanges that this lady is Mrs. George Wood, has not, as yet, become a fact.

TERRIPIO ASSAULT-A HEAVY PENALTY .- A TERRIFIC ASSAULT—A HEAVY PENALTY.—A man named Henry Hayman was, vesterday, invited to leave the coffee-house of Joseph Stures, and upon refusing, was kicked out. The injured man caused a warrant to be issued by R. Haliam, Eq., and the offender was brought before his Honor, who inflicted upon him the penalty of one cet and costs. Hayman would likewise have been fined had he not begged off, promising never again to partake of the intexcitating beverage.

KENTUCKY CRICKET CLUB.—The members of this club are expected to meet to night at Fewliss Exchange for the transaction of important business.

Monetary and Commercial

Rain fell incessantly yesterday, and though the tendency of such weather must have been to check out-door business, figancial affairs were active and, the Bankers reported a larger demand for Money than there had been on any previous day of the week.

At the Discount-houses the offerings of Paper are quite large—in excess of the ability to accommodate their castomers. The most of whom bearing good names, however, are favored with short leans. Long Paper is generally rejected, as, on the eve of the packing season, little disposition is felt to make investments for over sixty days at the furthest.

Borrowers in the street are increasing in number, as the facilities in the regular quarters are being curtailed.

Eastern Exchange, which has been inactive all the week, declined yesterday & per cent, and the rates, soon after the occasing of Bank hours, were fixed at 4 buying and & premium selling.

American Gold was lower after the reductions in Exchange, and dealers would not pay more than % breature to outsiders, though they would have felt bound to give their customers like, or a fraction more. The amount of Coin here is any apparent demand for at present. Holders would be willing to sell round lots to day at 14630c, premium.

In Uncurrent Money we hear of no special change. Indiana Stock notes are growing better, though there is still a small discount on them. The present rates are: Indiana Stock, if Pennsylvania, country, i; Virginia Free Banks, ½; Kanawha and Bank of Charleston, 1; Maryland Interior, ½; Michigan, I; North and South Carolina, I; Georgis and Calada, I; Tonnessee, ½; Missouri, ½@M; lows, Illinois and Wisconsin, 14@1%. Thursday's New York Times thus refers to Wednes-Thursday's New York Times thus refers to Wednesday lart:

In Money rates there is no change on strictly prime lists of indorsed bills, but less disposition among leaders to take fair or single name paper at the difference of 1622 per cent, recently current. This results from the recent failure, another influence of which is to turn the attention of some of the Money lenars to State and other sivingend-paying Stocks. There was a fair employment, on demand leans, at 5 855 per cent, to-day. In the Transfer Exchanges there was not much done after the Boston steemer's mail. The next opportunity is the Vanderbill, for Southampton and Havre, on Saturday. The terms on London range 109% \$100, and on Paris f 5.14% \$6.5.22 for Bankers.

The Government to-day ordered two thousand pounds of powder, a large number of Minute rifle-balls and howitzer-shells from the Washington Arsonal to Harper's Ferry.

HARPER'S FERRY, November 18.—The excitement last night was caused by the burning of a Wheat-stack about three miles from Charlestown, and the military and the whole populace were called to arms. The wildest terror prevailed among the people with the supposition that Colonel Davis had some information of an approaching danger. The panic among the people extended to the Colonel, and a message was sent by him to Har-per's Ferry with a dispatch to the Governor, calling on him for two companies of cavalry. This morning the fire was found to be the work of an unknown incendiary, but no person could be found on whom suspicion could rest.

There are now a thousand men under arms and no enemy to be found to encounter. The troops from Alexandria arrived at Charlestown this afternoon and more are expected to arrive to-morrow morning by the

way of Winchester. The Baltimore and Ohio Railroad have sent Colonel Shutt with an armed posse to Harper's Ferry to guard the bridge and the property of

the Company at that point.

There is much dissatisfaction both here and at Charlestown at the precipitate action of Col.
Davis in sending dispatches for troops instead
of first sending out a pesse to inquire the
cause of the fire. The people have been made
to appear in a ridiculous light before the country, and they are more than half right on that

Removal of Buffalo Postmaster. Washingron, November 18 .- The Postoffice

Department authorizes the statement that Mr. Dickey, the Postmaster at Buffalo, was not removed on political grounds, there being no charges of that character against him, but that the cause was his inattention to the requirements of the Sub-treasury acts. River News.
